**Day 1-2\*\*MAR 13****Honolulu – Taoyuan** ➔

We start our vacation by boarding an international flight bound for Taoyuan, a city that began as a satellite city of the Taipei metropolitan area and later became the fourth largest metropolitan area and fifth-largest populated city in Taiwan. Meals and snacks will be served on the plane.

**Day 2\*\*MAR 14****Taoyuan**

Upon arrival at Taiwan Taoyuan International Airport, an Air & Sea Travel representative will greet us and escort us to our hotel.

**Day 3\*\*MAR 15****Taoyuan – Taichung****(B, L, D)**

Today's highlight is "The Sound of Blossoming" -- the 2018 Taichung World Flora Exposition, which is recognized and supported by the International Association of Horticultural Producers (AIPH). The Exposition will take place in three distinct exhibition areas: Yongfeng Park Area in Waipu district, Houli Horse Ranch and Forest Park Area in Houli district, and Hulundun Park Area in Fengyuan district. In collaboration with the GNP (Green, Nature, and People) theme, the three parks will have eco-friendly development, intensive agriculture, and environmental improvements. Waipu is blessed with its unique geographical and climate advantages, making it possible for the area to cultivate a variety of fruits and crops, with bountiful harvests in different seasons. Fruits (including ponkan, honey tangerine, lychee, sand pear, dragon fruit, and grapes) and flowers (such as dancing-doll orchid, flamingo flower, and lily) cultivated in Waipu are renowned for their quality and exported around the world. The Houli exhibition area boasts a long history of horse and cycling culture. The famous Houfeng Bikeway is 4.5 km long, starting from the Houli Horse Ranch, running through Tunnel Number 9, and passing a 637.79-meter steel bridge to cross the Dajia River. It also connects with Dongfeng Bikeway to form an 18-kilometer bike trail. Along the way, the idyllic scenery is relaxing and enchanting. One can also take the opportunity to explore the history of Taiwan railways. The landscape of Fengyuan Huludun Park is constructed using techniques of natural landscape design for the existing space of Huludun Park and the banks of Ruanpizai Creek in the hopes of creating an ecological environment with the central theme of Floral metropolis by the water. Through the park, Taiwan wishes to demonstrate the traits of culture, water-friendliness, eco-friendliness, and reflect the Cultures of the local folks. After dinner, we will check into our hotel.

**Day 4\*\* MAR 16****Taichung****(B, L, D)**

The Hans used Changhua as a base when they invaded Taiwan and built a fortress out of bamboo to defend themselves from the Taiwanese aborigines. The song "Alishan de guniang" (Chinese: 阿里山的姑娘; English: The Girls of Alishan) refers to the beautiful girls of the Tsou aborigine tribe and is one of Taiwan's most popular folk songs. It is also well known in China and several foreign countries. Cherry Blossoms are blooming in March, so we can enjoy these beautiful flowers. After lunch, we will return to Chiayi. We will walk on an old street called the Fengqihu Old Street where we can find various shops, snacks, and souvenirs. These artifacts total nearly 700,000 pieces and include antiquities, paintings and calligraphy, historical documents and rare books, and Asian artifacts, making them one of the world's unique collections of cultural assets.
