Day 3Mar.19****Tokyo – Mt. Fuji – Fujigoko ☪****(B, D)**

After breakfast, we head to Fuji Hakone National Park. Today's highlight is Fuji-Q Highland, an amusement park in Fujiyoshida, Yamanashi, near the base of Mt. Fuji. It has two haunted attractions: The Haunted Hospital, the world's 2nd largest haunted attraction, and the newly built Hopeless Fortress. Among its many roller coasters, there are two famous ones. The 79 Meters Tall Fujiyama Roller Coaster was once the world's tallest and Dodonpa, which can travel 172 km/h, was once the world's fastest roller coaster. After that, we will take a Cable Car to enjoy the view of Mt. Fuji. Mt. Fuji became a **UNESCO World Heritage Site** in 2013. The cable car offers a unique way to discover this world famous mountain. Tonight, we will stay at Fujigoko to enjoy the famous Hot Springs. Fujigoko is also known as Fuji Five Lakes. Their names are Lake Kawaguchi, Lake Motosu, Lake Sai, Lake Shoji, and Lake Yamanaka. ☪

Day 4 **Mar.20**Fujigoko – Tokyo****(B, D)**

After breakfast, we visit the Hakone Shrine, a national shrine that stands at the foot of Mount Hakone along the shores of Lake Ashi. The shrine buildings are hidden in the dense forest but are easily identified by its huge torii gates, one standing prominently in the lake and the other two over the main street of Moto-Hakone. We will take a Sightseeing Cruise on Lake Ashi on a medieval sailing vessel and enjoy picturesque views of Mt. Fuji. Next, we will visit Sanrio Puroland, an indoor theme park located in Tama New Town, Tokyo that attracts over 1.5 million visitors each year. Opened on December 7, 1990, the theme park is run by the Sanrio Company and hosts various musicals, restaurants, attractions, and theme rides using popular characters such as Hello Kitty, My Melody, Cinnamonroll, and Jewelpet. The main live performance is Sanrio Heartful Parade, "Believe." Visitors are thrilled by the acrobatic show and can enjoy "Kitty's House" by peeping into rooms such as the living room and bathroom. Afterwards, we will transfer to another popular shopping district – Shinjuku. Shinjuku is a major commercial and administrative center and the site of the busiest railway station in the world (Shinjuku Station), handling more than two million passengers every day. Department stores, subterranean malls and electronic shops surround Shinjuku Station on all four sides, and we can enjoy shopping in this area. Tonight, we will have our dinner in Shinjuku.

Day 5Mar.21****Tokyo****(B)**

Today, we can rediscover the child in us at Mickey Mouse's hometown – Tokyo DisneySea. This is the fourth most visited theme park in the world. Children young and old enjoy the sights and attractions here. Inspired by ocean tales and legends, the seven themed ports of Tokyo DisneySea offer a wealth of fun attractions and entertainment bursting with imagination. This venue boasts several attractions including the Mermaid Lagoon, American Waterfront, Port Discovery, Mysterious Island and Mediterranean Harbor.

Day 6Mar.22****Tokyo – Yokohama – Tokyo****(B, D)**

After breakfast, we will start our adventure by visiting Yokohama, the second largest populated city in Japan after Tokyo and the most populous municipality of Japan. First, we will visit The Cup Noodles Museum. It is a fun and interactive museum in the Minato Mirai District that shows the history of instant ramen noodles using a combination of whimsical exhibits and hands on workshops. In the My Chicken Ramen Workshop we can make our own instant ramen noodles from scratch, package them, and take them home to eat. After that, we will go to Minato Mirai 21, a seaside urban area in central Yokohama whose name means “harbor of the future”. It has many tall high-rises including the Landmark Tower, Japan’s tallest building from 1993 to 2014. The area was a large shipyard until the 1980s, when development turned it into a new city center. Minato Mirai is blessed with a great location along the water and a wealth of attractions. Visitors to the area will be able to find shopping centers, hotels, a convention center, and an amusement park equipped with a relaxation center with hot spring baths, museums and park space. The historical building Yokohama Red Brick Warehouse is a complex that includes a shopping mall, banquet hall, and event venues. It used to be the Newport Pier Tax Keeping Warehouse for customs products. We can enjoy shopping in this warehouse. Yokohama is known for its shipbuilding industry. Therefore, we will board the most fantastic and only entertainment and restaurant ship in Japan tonight – the Royal Wing! This ship serves “modern” Chinese cuisine and has an amazing bay cruise with impressive views of Yokohama, including the Minato Mirai skyline, Yokohama Bay Bridge, factories, and green hills overlooking the bay. In addition, we can enjoy various types of entertainment on the ship, such as card tricks at our table, quick balloon art and live music.

Day 7Mar.23****Tokyo****(B)**

Full day at leisure. “Shop till you drop; eat till you overflow!” Enjoy this free day to shop around the city and eat whatever looks interesting. If you enjoyed your time at Tokyo DisneySea, we recommend a visit to Tokyo Disneyland on your own. It was the first Disney Park built outside the US in 1983. You will find a unique Japanese-style of Disneyland.

Day 8Mar.24****Tokyo – Honolulu →****(B)**

After Breakfast, we will go to Senso-ji (Kinryū-zan Sensō-ji), an ancient Buddhist temple located in Asakusa, Taito, Tokyo. It is Tokyo's oldest and one of its most significant temples. The temple is dedicated to the bodhisattva Kannon (Avalokitesvara). Dominating the entrance to the temple is the Kaminarimon or "Thunder Gate". This imposing Buddhist structure features a massive paper lantern dramatically painted in vivid red-and-black tones to suggest thunderclouds and lightning. Beyond the Kaminarimon is Nakamise-dori with its shops, followed by the Hōzōmon or "Treasure House Gate" which provides the entrance to the inner complex. Within the precincts stand A Stately Five-story Pagoda and the Main Hall, devoted to Kannon Bosatsu. Catering to the visiting crowds, the surrounding area has many traditional shops and eating places that feature traditional dishes (hand-made noodles, sushi, tempura, etc.). These shops themselves are part of a living tradition of selling things to pilgrims who walked to Senso-ji. Then we will take a Water Bus to our last stop – Odaiba, a large artificial island in Tokyo Bay across the Rainbow Bridge from central Tokyo. It was initially built for defensive purposes in the 1850s, dramatically expanded during the late 20th century as a seaport district, and has developed since the 1990s into a major commercial, residential and leisure area. Today's Odaiba is a popular shopping and sightseeing destination for Tokyoites and tourists alike. Major attractions include: Ferris Wheel, Venus Fort, and Aqua City Shopping Center. And Also, we will visit the 19-meter tall Gundam RX 0 Statue, one of the most significant comic attractions in Japanese cartoon (manga) industry, located in Odaiba. After a long day, we will transfer to Narita International Airport for our return flight to Honolulu, taking with us the lasting memories of this wonderful trip to Japan.

We wish you a safe journey and many wonderful memories to share with family and friends! ☺
